SLAVE TO THE RHYTHM

A DANCE MUSIC EXPERIENCE

'Slave to the Rhythm' is an exciting new event series created in collaboration between the renowned **Stereo Productions** and the brand-new **Redolent Music**.

The project aims to offer a sensational musical experience to its audience. **DJ CHUS** the visionary creator behind both brands, has teamed up with his partner in Redolent Music, **LA SANTA**.

They share a profound passion for quality music, a unique sense of rhythm, and an unconditional love for the drums! The concept for **'Slave to the Rhythm'** has been carefully crafted to combine Redolent's melodic beats and tribal sounds with the infectious dancefloor groove and solid Iberican Sound of Stereo Productions. The project has been simmering over low heat to ensure it's full of flavor.

We are thrilled to announce that we will soon visit your city... stay tuned!
